

Romnick & Sheila Wedding System

Features Matrix & Design Specifications Blueprint

PDF SYSTEM COPY & EDITING APP TRANSFER PACKAGE • DECEMBER 27, 2026

1. EXECUTIVE SYSTEM OVERVIEW

The **Romnick & Sheila Wedding System** is an interactive, mobile-first invitation web application engineered with an elegant romantic aesthetic. It incorporates modern responsive design, subtle animations (pencil-drawn florals, smooth floating feathers), audio streaming, flip-card live countdown timer, dynamic entourage roster cards, venue map links, attire color swatches, and a native RSVP form.

2. COLOR PALETTE & VISUAL DESIGN SYSTEM

Royal Navy

#1D3557

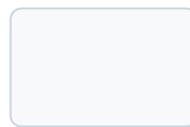

Dusty Blue

#62839b

Light Blue

#9eb5c7

Off-White

#f7f9fa

Slate Grey

#5c646b

3. TYPOGRAPHY HIERARCHY

HEADINGS FONT

Playfair Display

Used for titles, section headers, timeline events, and countdown numbers.

SCRIPT ACCENT

Great Vibes

Used for names, decorative headers ("Our Love Story", "Entourage", "Invited").

BODY & CONTROLS

Montserrat

Used for body narrative, entourage lists, venue details, and RSVP form inputs.

6. HOW TO TRANSFER & EDIT THIS SYSTEM IN EDITING APPS

Transfer Instructions by App:

1. **Canva:** Open Canva -> Click *Create a Design* -> Select *Import File* -> Choose `Wedding_Website_Full_Visual_Layout.pdf` or `Wedding_Website_A4_Printable.pdf`. Canva will automatically break down elements into editable text, vectors, and swatches.
2. **Figma:** Drag and drop the PDF file directly into your Figma workspace canvas. Figma will convert pages into editable Frames with text nodes, font styles, and images.
3. **Adobe Illustrator / Photoshop:** File -> Open -> Select `Wedding_Website_Full_Visual_Layout.pdf`. Select *Import as Vector Pages* to modify paths, typography, and color gradients.
4. **GoodNotes / Acrobat / iPad Apps:** Open the PDF file directly as a digital notebook, print document, or vector markup file.
